i SERIES

ZERO TURN

LAWN TRACTORS

A NEW LEVEL OF VERSATILITY

The world's first and only zero-turn lawn tractor features a steerable pivoting front axle, which allows you to make extremely tight turns. You can easily manoeuvre around any obstacles to reduce your trim time and finish faster.

BETTER TRACTION

A wide track and a low centre of gravity provide extra traction and stability to mow a straight line on hills and slopes.

i1042 ZERO TURN TRACTOR
